

# Let It Ride

Brantley Gilbert

I guess we should've seen this comin'  
I can't say it didn't cross my mind  
'Cause we both said we'd take this slow yeah  
And here we are dancin' cross that line  
'Cause you got your lips an inch away from mine  
Just to see how long they take to touch  
I guess we both got a thing for playing with fire  
'Cause this looks like it could get dangerous

Just one kiss I know I'll lose it  
And I won't know what I'm doin'  
I can't call it  
Guess I'm caught up in this moment  
Let it ride  
Once your lips touch mine, girl, it's over  
Yeah I think we both know  
We can't stop  
We're just rockin' with this moment  
Let it ride

We're close enough to hear you whisper  
Baby do you really care about me, oh yeah  
Asked myself, man, should I answer  
How head over heels could a man be

Just one kiss I know I'll lose it  
And I won't know what I'm doin'  
I can't call it  
Guess I'm caught up in this moment  
Let it ride  
Once your lips touch mine, girl, it's over  
Yeah I think we both know  
We can't stop  
We're just rockin' with this moment  
Let it ride  
Oh, let it ride

I know you're worried 'bout tomorrow  
The days and the miles  
That are bound to come between us  
Baby we both knew this was gonna be tough  
Let's make the most of every second we can borrow  
And pray to God that what we got's enough  
We're gonna take it day by day, mile by mile  
Bridge by bridge, yeah smile by smile

Just one kiss I know I'll lose it  
And I won't know what I'm doin'  
I can't call it  
Guess I'm caught up in this moment  
Let it ride  
Once your lips touch mine, girl, it's over  
Yeah I think we both know  
We can't stop  
We're just rockin' with this moment  
Let it ride  
Oh, let it ride
