

Off The Rails

Brantley Gilbert

Aw, hell
Hey, hey, boy
Get yo' ass

Well, I hear that train wreck coming
Whiskey whistle in the wind
You can go on, punch your tickets
Gonna be a ride you won't forget
It's going down like Charlie Daniels
Getting loud like Rockin' Randall
Get your left hand on that Mason
And your right on that "oh shit" handle

Run it off the rails, kick it into four-wheel
Set it on fire, smoke it like a shine still
Coal rolling, you know it, we're banging hells bells
Twin stacking, we back and we yelling, "Hell yeah"
Hell nah, baby, ain't no slowing down
They gonna call the law, then they better do it now
Yeah, all aboard, this crazy train's on twelve
Tonight, we gonna run it off the rails

Look here

I'm up in here with my bandana
Y'all call me Jesse James
You see, this here's a holdup
So y'all hold up all them drinks

Run it off the rails, kick it into four-wheel
Set it on fire, smoke it like a shine still
Coal rolling, you know it, we're banging hells bells
Twin stacking, we back and we yelling, "Hell yeah"
Hell nah, baby, ain't no slowing down
They gonna call the law, then they better do it now
Yeah, all aboard, this crazy train's on twelve
Tonight, we gonna run it off the rails

It's going down like Charlie Daniels
Getting loud like Rockin' Randall
Get your left hand on that mason
And your right on that "oh shit" handle

Run it off the rails, kick it into four-wheel
Set it on fire, smoke it like a shine still
Coal rolling, you know it, we're banging hells bells
Twin stacking, we back and we yelling, "Hell yeah"
Hell nah, baby, ain't no slowing down
They gonna call the law, then they better do it now
Yeah, all aboard, this crazy train's on twelve
Tonight, we gonna run it off the rails

Well, fucking run it off the rails
