

# Welcome to Hazeville

Brantley Gilbert

Lukas Nelson  
What's goin' on, B?  
Colt Ford, we gon' do this thing, brother?  
Take it  
Yeah

Reverend said, "I'm gon' split Hell wide open"  
Never say never, man, there ain't no way of knowin'  
Everybody needs a spot to put the world on faith  
I know a place and I know the way

Get that homegrown ready, man, that smoke gon' rise  
Run the speed limit, never see blue lights  
Everybody's chillin' where we always high  
Hangin' out with Willie on that laid-back vibe

Blowin' smoke  
Like fire into a hayfield  
(Oh) Welcome to Hazeville  
(Oh) I see you risin' from that shine still  
(Oh) Welcome to Hazeville

Ah, just some good old boys  
And, man, them girls ain't playin'  
The way they move, the way they groovin'  
Man, it's crazy  
I'm just sayin'  
Good times need havin'  
There's some chances worth takin'  
Yeah, you never know  
Maybe there's some love needs makin'

Get that homegrown ready, man, that smoke gon' rise  
Run the speed limit, never seein' blue lights  
Everybody's chillin' where we always high  
Hangin' out with Willie on that laid-back vibe

Blowin' smoke  
Like fire into a hayfield  
(Oh) Welcome to Hazeville  
(Oh) I see you risin' from that shine still  
(Oh) Welcome to Hazeville

Yeah  
Roll it up, light it up  
Pass it, 'cause Hazeville is always on (Yessir!)  
If you ain't one of our people  
Best place you should get is gone (Get gone!)  
Might be hard for you to breathe  
Act wrong and you gon' bleed (That's right)  
This song is how we feel  
We keep it real in Hazeville (Smoke)

Get that homegrown ready, man, that smoke gon' rise  
Run the speed limit, never seein' blue lights  
Everybody's chillin' where we always high  
Hangin' out with Willie on that laid-back vibe

Blowin' smoke  
Like fire into a hayfield  
(Oh) Welcome to Hazeville  
(Oh) I see you risin' from that shine still  
(Oh) Welcome to Hazeville

Hey, Willie, you wanna take 'em home, sir  
Welcome to Hazeville
