

Leo

Brazzaville

He loves his old guitar
Daydreamin' by the bay
But Leo called last night
He's drunk again

His girlfriend was 22
He lost her in a plane
But Leo called from France
He's drunk again

And he says,
Man, I know it's a sad way to go
But I can't live without her
Late at night
I just stare up at the sky
Man, I'm such a disaster

He says
I'd trade my old guitar
My millions in the bank
To see her one last time
I'd do anything

And he says....
