

Don't Stop the Dance

Breakbot

Don't stop the dance
Don't miss your chance
Don't stop the dance
Don't miss your chance
Don't stop the dance
Don't miss your chance
Don't stop the dance
Don't miss your chance

Don't stop the dance
Don't miss your chance
Don't stop the dance
Don't miss your chance

Don't stop the dance
Don't miss your chance
Come on, inject your soul
The day has just begun
Don't stop the dance
Don't miss your chance
Can't believe how it feels
To have this on me

Don't stop the dance
Don't miss your chance
Come on, inject your soul
The day has just begun
Don't stop the dance
Don't miss your chance
Can't believe how it feels
To have this on me

Don't stop the dance
Don't miss your chance
Come on, inject your soul
The day has just begun
Don't stop the dance
Don't miss your chance
Can't believe how it feels
To have this on me
