

# Crawl

## Breaking Benjamin

The shadow of a man  
I'm nothing less  
I am holding on, still holding on  
And every now and then life begins again  
I am holding on, still holding on  
I'm not like you

Your faceless lies  
Your weak dead heart  
Your black dead eyes

I'll make it through, but not this time  
Your hope is gone, and so is mine

[Chorus:]  
Live, fight  
Crawl back inside  
Sick, blind  
Love left behind  
And I won't live, your weak wicked lie  
You pull me in, I'm one step behind

Show me where it hurts  
And I'll make it worse  
Are you holding on? Keep holding on  
Dilated eyes shine for one last time  
Are you holding on? Keep holding on  
You're not like me

Your faceless lies  
Your weak dead heart  
Your black dead eyes

I'll break you in, and let this die  
Your hope is gone  
And so is mine

[Chorus]

I'm becoming a monster, just like you  
After it all you'll try to break me too  
Falling forever, chasing dreams  
I brought you to life so I can hear you scream

[Chorus]

I'm one step behind  
I'm one step behind
