

# Rain

## Breaking Benjamin

**C**

Take a photograph,

**Am**

It'll be the last,

**G**

**F**

Not a dollar or a crowd could ever keep me here,

**C**

I don't have a past

**Am**

I just have a chance,

**G**

**F**

Not a family or honest plea remains to say,

**C**

Rain rain go away,

**Am**

Come again another day,

**G**

**F**

All the world is waiting for the sun.

**C**

Is it you I want,

**Am**

Or just the notion

**G**

**F**

Of a heart to wrap around so I can find my way around

**C**

Safe to say from here,

**Am**

You're getting closer now,

**G**

**F**

We are never sad cause we are not allowed to be

**C**

Rain rain go away,

**Am**

Come again another day,

**G**

**F**

All the world is waiting for the sun.

**C**

Rain rain go away,

**Am**

Come again another day,

**G**

**F**

All the world is waiting for the sun.

To lie here under you,

Is all that I could ever do,

To lie here under you is all,

To lie here under you is all that I could ever do,

To lie here under you is all,

**C**

Rain rain go away,

**Am**

Come again another day,

**G**

**F**

All the world is waiting for the sun.

**C**

Rain rain go away,

**Am**

Come again another day,

**G**

**F**

All the world is waiting for the sun.

**G**

**F**

All the world is waiting for the sun.

**G**

**F**

All the world is waiting for the sun.
