

## Edge Of Heaven

Breathe Carolina

I can't hold back  
My hands won't let me  
It's the touch of your skin  
Is it lust or envy?  
Is it lust or envy?

I can't hold back  
My pride won't let me  
I'm seeing red  
This is all too deadly  
This is all too deadly

Fallout!  
One more taste  
One last time  
I just can't help it  
Fallout!  
I need it all  
Hanging from the edge of heaven

All seven  
All seven  
Fallout!  
I need it all  
Hanging from the edge of heaven  
(Hanging from the edge of heaven)

I can't get up  
Motivation left me  
I let it burn  
Only embers left in me  
Only embers left in me

My old friend how long it's been  
MY original sin we meet again  
You taught me to live like this  
My original sin we meet again

Fallout!  
One more taste  
One last time  
I just can't help it  
Fallout!  
I need it all  
Hanging from the edge of heaven

All seven  
All seven  
Fallout!  
I need it all  
Hanging from the edge of heaven

You taught me this  
I'll take my place  
Amongst the angels  
With my seven sins  
I'll reign again, baby I'll reign again

Fallout!  
One more taste  
One last time  
I just can't help it  
Fallout!  
I need it all  
Hanging from the edge of heaven

All seven  
All seven  
Fallout!  
I need it all  
Hanging from the edge of heaven
