Breathe Carolina

I can see it coming from a mile away  
I been in the sky so don't make no mistakes  
Landed overseas just like the other day  
I can't get no sleep, no

Take it, kill it, it ain't right  
Look in my eyes and see right through  
Break it, spill it, feeling right

I could spend the rest of my life like this  
Anything goes on a night like this  
I almost died on a vibe like this  
Still throwing fire on the gas like this  
I could spend the rest of my life like this

This that type of shit they only dream about  
Feel trapped inside my head and I just can't get out  
Nightmares seem to follow me all through the house  
So I can't get no sleep, no

Take it, kill it, it ain't right  
Look in my eyes and see right through  
Break it, spill it, feeling right

I could spend the rest of my life like this  
Anything goes on a night like this  
I almost died on a vibe like this  
Still throwing fire on the gas like this  
I could spend the rest of my life like this  
I could spend the rest of my life like this  
I could spend the rest of my life like this  
I could spend the rest of my life like this

I could spend the rest of my life like this  
Anything goes on a night like this  
I almost died on a vibe like this  
Still throwing fire on the gas like this  
I could spend the rest of my life like this
