

How Can I Fall

((breathe))

How Can I Fall - Breathe
Give me time to care, the moments here for us to share
Still my heart is not always there
What more can I say to you
Could I lie to you, I'm just too weak to face the truth
Now I know I should make a move
What more can I say
How can I fall, how can I fall
When you just won't give me reasons
When you just won't give me reasons at all
When all faith is gone, I fight myself to carry on
Yet I know of the harm I do, what more can I say to you
Now I hold this line, I know the choice to leave is mine
I can't help what I feel inside
What more can I say
How can I fall, how can I fall
When you just won't give me reasons
When you just won't give me reasons at all
I'll follow through, I'll see I do
When the time is more right for you
I'll make that move, and when I do
Will I doubt again, the way I do
How can I fall, how can I fall
When you just won't give me reasons at all
How can I fall, how can I fall
When you just won't give me reasons
When you just won't give me reasons
How can I fall, how can I fall
When you just won't give me reasons
When you just won't give me reasons
Just won't give me reasons
Just won't give me reasons at all
How can I fall, I fall, I fall
How can I fall for you
How can I fall, how can I fall
When you just won't give me reasons
When you just won't give me reasons
