

Biiiiiiiiiiiiiiiiiiiiitttttch
Oh!

Like a check, I've gone clear, gone clear
And you so behind me, like arrears
You stuck in first and I'm skrrt in sixth gear
I say the word me and my girls, make it hot in here
Pose for a pic (Pose for a pic)
Yes I am it (Yes I am it)
Windows on tint (Windows on tint)
You can't see shit
Catch the flick
Catch the flick on my wrist
Can we get
Into this drip? Into this drip

Extra choosy when I got my pony tail on!
See, I snap, snap, snap like I was a flip phone
Know I'm super trilly and you know I'm 20N
See, your girlfriend, she despise me
But she fuck with' my song
Who say I should turn the fuck down?
Who say I ain't this bitch when the lights go out? Like (Ooh)
Super trilly and you know I'm 20N
See, your girlfriend, she despise me
But she fuck with' my songs

Lights go low when I come through
I ain't like those bitches that you're used to
Keep it right there, baby, don't move
Know that you gotta stay down if you wanna come up
This is paradise, this is somethin' new
And we're so high, that's a great view
Keep it right there, baby, don't move
Know that you gotta stay down if you wanna -

Look, I don't blame
You for falling for me
Amazon, baby girl, Angel Wing
Tell my boys there's no return
My price goin' up, you gon' feel this burn
And you come say me a fire is extinguishable
Lemon or every boy in the loft
Cuttin' 'em up, packin' 'em up
Shippin' 'em all to Singapore
So appalling, appalling, appalling, appall-
P-Pass me a check (Check, check)
I want some M's (I'm waitin')
On the dotted line, got a R for respect
Catch the flick
Catch the flick on my wrist
Can we get
Into this drip, to this drip

Who say I should turn the fuck down?
Who say I ain't this bitch when the lights go out? Like (Ooh)
Super trilly and you know I'm 20N

See, your girlfriend, she despise me
But she fuck with' my songs

Lights go low when I come through
I ain't like those bitches that you're used to
Keep it right there, baby, don't move
Now that you gotta stay down if you wanna come up
This is paradise, this is somethin' new
And we're so high, that's a great view
Keep it right there, baby, don't move
Know that you gotta stay down if you wanna come up

Down if you wanna come up
Know that you gotta stay down if you wanna come

Super trilly and you know I'm 2ON
Girl despise me but she fuck with' my songs
Super trilly and you know I'm 2ON
See, your girlfriend, she despise me
But she fuck with' my songs
