

All Night

Bree Runway

All night
Play me like a video all night
Ride you like a stallion, so nice
Sippin' on Bacardi all night
Ooh
All night
We can go, we can go all night
Fiddle on my body 'til moonlight
Sippin' on Bacardi all night

Feels like I been gettin' anointed
Every since the day that I met you
Bless me if I'm bein' too forward
I'm just never tryin' to forget you
I feel you and I think you know
Don't care if the time or the mood's right
We've gotta get it on (On)

You wanna whisk me to the stars, yeah, without no warning, and
I never liked to but I guess I will for you (You, you)
Resurrect my body, six o'clock in the morning
Want you to pick me like a flower that's in your garden

We can go all night
Play me like a video all night
Ride you like a stallion, so nice
Sippin' on Bacardi all night (Night)
Ooh
All night
We can go, we can go all night
Feel up on my body 'til moonlight
Sippin' on Bacardi all night

Squeeze on ya shawty so tight
You know I say you want it all night
Taste like a cake and it's your size
Slice
Triple X, know I'm dressed for the best (Oh-oh)
You no stress when your head's on my (Aah)
From my head to my crib, be my guest
We've gotta get it on

You wanna whisk me to the stars, yeah, without no warning, and
I never liked to but I guess I will for you (You, you)
Resurrect my body, six o'clock in the morning
Want you to pick me like a flower that's in your garden

We can go, we can go all night
Play me like a video all night
Ride you like a stallion, so nice
Sippin' on Bacardi all night
Ooh
All night
We can go, we can go all night
Feel up on my body 'til moonlight
Sippin' on Bacardi all night

Sippin' on Bacard, sippin' on Bacardi
All night, all night, all night
Sippin' on Bacard, sippin' on Bacardi
All night, all night, ooh
Sippin' on Bacard, sippin' on Bacardi
All night, all night, all night
Sippin' on Bacard
Sippin' on Bacardi

All night
Play me like a video all night (Ooh)
Ride you like a stallion, so nice (Ooh)
Sippin' on Bacardi all night (Ooh)
