

Baby are you high or low?
Baby are you yes or not?
Baby are you hot or cold?
Cause with you, you never know
Baby are you high or low?
Baby are you yes or not?
Baby are you hot or cold?
Cause with you, you never know

You got me like
You got me like
You got me like

You give me this, you give me that
50/50 no certain
Cause I learned [?]

And just like a butterfly and I got good
I grew beautiful and I flew
I grew beautiful and I flew
Flew

Chins up, knuckles up
Chest out, like "Are you ready? Come and get me"
Chins up, knuckles up
Chest out, like "Are you ready? Come and get me"
Dash me, use me, abuse me
Know you won't forget me, won't forget me
Dash me, use me, abuse me
Know you won't forget me, won't forget me

Baby are you high or low?
Baby are you yes or not?
Baby are you hot or cold?
Cause with you, you never know
Baby are you high or low?
Baby are you yes or not?
Baby are you hot or cold?
Cause with you, you never know

You got me like
