BRELAND

I'm pissed off  
Really pissed off  
So many names I could list off  
How many more murders 'til it really hits y'all?  
What it means to be black in America?  
The fact that you can overlook the facts is embrassin'  
It's twice the rate of police kill us, no comparison  
Took all this for y'all to act like you care again?  
Moment of silence  
So many brothers that we lost to the violence  
Me up on your neck is out the check for compliance  
Say you sure to breathe and in the second you dyin'  
So if you hit me with that "Not all police are that bad  
I mean like, what about my cousins' friends dad?"  
My problem ain't with everyone that wear a badge  
It's the one that wanna abuse the power that they have  
I could've stay quiet  
Could've probably acted like I wasn't phased by it  
Posted by the new project while they riot  
But that ain't the type of thinkin' that'll change climate  
You are the part of the problem or the solution  
And anybody can play a part in a revolution  
You do it with your money, you battle it with your voice  
'Cause at this point, I don't really think we have a choice
