

## Hot Sauce

BRELAND

Oh-oh-oh-oh-oh-oh  
Purty but she ain't afraid to pop off  
Honey with a little bit of hot sauce, oh

Everything's better with the hot sauce  
Make a redneck redder with the hot sauce  
Body like a bottle, got that hot sauce  
Need a sip of water with the hot sauce

Take the good with the bad  
Got a little temper, think she got it from her dad  
Drinking Bud Light from a champagne glass  
It can be a fight but I like it like that  
She the type to make you tear up on the low  
All my buttons, she gon' push them on the low  
Firewoman how she gets down on the pole  
Make me wanna buy a ring and call the folks

Ooh-ooh-ooh-ooh-ooh-ooh  
Pretty but she ain't afraid to pop off  
Honey with a little bit of hot sauce, oh

Go ahead and shake it like hot sauce  
Don't know if I can take it like hot sauce  
Shawty getting wetter than hot sauce  
Everything's better with the hot sauce

Got my head spinning, that's top sauce  
Roll a little pot sauce, now we going off sauce  
With a thing in twelve rounds, that's box sauce  
Anything she want sauce, you know that I bought sauce  
Fancy, boy, she look good, ain't a knockoff  
Girl, this ain't no joke, I wanna knock-knock  
And I'm sure that you get this a lot sauce  
But you make a brother wanna tie the knot sauce

Ooh-ooh-ooh-ooh-ooh-ooh  
Pretty but she ain't afraid to pop off  
Flirty but she hit you with the shot block  
Ooh-ooh-ooh-ooh-ooh-ooh  
Lady but she freaky with the lights off  
Honey with a little bit of sauce, oh

Everything's better with the hot sauce (Shake it, shake it)  
Make a redneck redder with the hot sauce  
Body like a bottle, got that hot sauce  
Need a sip of water with the hot sauce (Oh yeah)  
Go ahead and shake it like hot sauce  
Don't know if I can take it like hot sauce  
Shawty getting wetter than hot sauce  
Everything's better with the hot sauce
