

Icing

BRELAND

Born in the middle of the Bible Belt
Real strong family tree
Mama ran a boutique by herself
Her dad was in the minor leagues
Minute that I met her I could tell
She's a woman I don't wanna lose

Cause She's working hard
Can't nobody slow her down
Hate to fixate on the surface parts
But she's the hottest thing in town
Took a lil time but here we are
Now everybody's asking how I

Got a good girl from the country
And she got her head on straight
She don't need none of my money
Baby got a 401k
Ooh ooh ooh ooh
Got her grandmother's faith
Ooh ooh ooh ooh
She's got me tryna change her name
Lotta good traits it don't matter any way you slice it
But the fact she got cake is the icing
Ah, icing

Go and put that sugar on me
Know I gotta appetite
Every time you wear those Apple bottoms
I wanna little Apple pie
I ain't gonna front
Girl you got some back
Never leave a crumb
Gimme all of that
Who woulda guessed that I'd be this blessed when I

Got a good girl from the country
And she got her head on straight
She don't need none of my money
Baby got a 401k
Ooh ooh ooh ooh
Got her grandmother's faith
Ooh ooh ooh ooh
She's got me tryna change her name
Lotta good traits it don't matter any way you slice it
But the fact she got cake is the icing
Ah, icing

She's the whole package
I can't stop looking at it

Got a good girl from the country
And she got her head on straight
She don't need none of my money
Baby got a 401k
Ooh ooh ooh ooh
Got her grandmother's faith

Ooh ooh ooh ooh
She's got me tryna change her name
Lotta good traits it don't matter any way you slice it
But the fact she got cake is the icing
Ah, icing
