

# Run

BRELAND

Dating was my favorite pastime  
Seeing all the bases that I'd  
Hit til the home run  
Taking her home once  
Living fast and running red lights  
Downing half a case of red stripe  
Avoiding emotion  
Had a couple of close ones

But she done gave me a run for my money  
She might make me wanna settle down  
And quit the runaround

I've run wild like the Mississippi  
Run up tabs til the glass was empty chasing fun  
Had a real good run  
And I've run hard like a Chevy engine  
Til I'd run out of gas and women  
I was young  
But I've grown up  
Cause eventually we all run out of time  
So before you let that girl walk out your life  
You better run

Crazy how your whole perspective  
Changes off of one connection  
I fell for the wrong ones  
But not in the long run  
She's seen my before and after  
So I felt compelled to ask her  
What made you trust me?  
She said my love just runs deep

She done gave me a run for my money  
She might make me wanna settle down  
And quit the runaround

I've run wild like the Mississippi  
Run up tabs til the glass was empty chasing fun  
Had a real good run  
And I've run hard like a Chevy engine  
Til I'd run out of gas and women  
I was young  
But I've grown up  
Cause eventually we all run out of time  
So before you let that girl walk out your life  
You better run
