Thick

BRELAND

I like 'em down south, ATL to Texas
Them the ones I mess with, never miss a breakfast
Know I got a plus-size plus one on the guest list
I might go for seconds, I don't know what less is
I don't have no regard for foreign cars, just don't fit me
She squeezing all of that and a duffle bag in a new Silvy
I want her so bad, she a whole snack
And this ain't no cap 'cause everybody know I like 'em

Thick thick thick thick thicker than some salt and pepper
Grits grits grits grits, picture perfect
Yeah you should be proud of it, each and every ounce of it
Made me wanna shout it, I'm 'bout it
Ain't afraid to say I like 'em

Thicker than the peanut butter every time I spread it (spread), uh
Got a little extra, I ain't talking about the credit
Go ahead and stack it stack it stack it stack it stack it like LEGOs (stack), uh
Add a little more weight but it's less stress though

I like 'em down south, ATL to Texas
Them the ones I mess with, never miss a breakfast
Dang I want her so bad, she a whole snack
And this ain't no cap, 'cause everybody know I like 'em

Thick thick thick thick thicker than some salt and pepper
Grits grits grits grits, picture perfect
Yeah you should be proud of it, each and every ounce of it
Made me wanna shout it, I'm 'bout it
Ain't afraid to say I like 'em
Thick thick thick thick, love the way you throw it
Like a fit fit fit fit, girl you better never try to hide it
Ain't too hard to find it, let me get behind it, I like it
Ain't afraid to say I like 'em thick

Shout out to Lizzo, shout out to Ashley
Shout out to Megan, girl holler at me
Love me some Kelly, Serena's plenty
You ain't gotta ask, you know I like my girls

Thick thick thick thick thicker than some salt and pepper
Grits grits grits grits, picture perfect
Yeah you should be proud of it, each and every ounce of it
Made me wanna shout it, I'm 'bout it
Ain't afraid to say I like 'em
Thick thick thick thick, love the way you throw it
Like a fit fit fit fit, girl you better never try to hide it
Ain't too hard to find it, let me get behind it, I like it
Ain't afraid to say I like 'em thick
