

# Freezing

Bren Joy

[Verse 1]

I work every day for all the money and the Lambos  
Frame you in a penthouse with a coupe and call it Van Gogh  
I ain't tryna overstep, so that is why I tiptoe  
But we ain't talkin' forever, we talkin' 'bout tonight

[Chorus]

So I, I think I'm gonna go'n and jump on in  
Even if the water's still freezing  
I, I think I'm gonna go'n and freefall  
Cannonball right into the deep end  
I know that there's a chance that I could drown  
But you're the only thing that I can think about  
So I, I think I'm gonna go'n and jump on in  
Even if the water's still freezing

[Verse 2]

Gold medal, water rebel, Rio de Janeiro  
Bottom of the sea and back in twenty, Michael Phelps, oh  
Put you in the pool and take a dip, you dip, we dip  
And then we take it to the shower, now we switching to commando

[Chorus]

I, I think I'm gonna go'n and jump on in  
Even if the water's still freezing  
I, I think I'm gonna go'n and freefall  
Cannonball right into the deep end  
I know that there's a chance that I could drown  
But you're the only thing that I can think about  
So I, I think I'm gonna go'n and jump on in  
Even if the water's still

[Post-Chorus]

Freezing, baby, freezing, baby, yeah  
(Girl, I'm diving even if it's twenty below)  
Freezing, baby, freezing, baby, yeah  
(You know that I'm 'bout it and I just want you to know)

[Chorus]

I, I think I'm gonna go'n and jump on in  
Even if the water's still freezing  
I, I think I'm gonna go'n and freefall  
Cannonball right into the deep end  
I know that there's a chance that I could drown  
But you're the only thing that I can think about  
So I, I think I'm gonna go'n and jump on in  
Even if the water's still freezing

[Post-Chorus]

Freezing, baby, freezing, baby, yeah  
(Girl, I'm diving even if it's twenty below)  
If it's freezing, baby, freezing, baby, yeah  
(You know that I'm 'bout it and I just want you to know)

[Outro]

I, I think I'm gonna go'n and jump on in  
Even if the water's still freezing
