

# NEVER WANNA LET YOU GO

Bren Joy

Oh I never wanna let you go

I should be fired by the God who invented roses  
Cause I pick and kill each one for you  
And still I smile  
With the weight of the world on my neighbor's shoulders  
Cause I've got nothing left to prove

Singing oh oh oh oh oh  
Oh I never wanna let you go  
Singing oh oh oh oh oh  
Oh I never wanna let you go

Some days I feel  
Like a fire on the side of a burning highway  
Some days I hold you way too close  
And if I won a billion dollars in the lottery  
But found out that it meant I'd have to give you up well  
I'd take your love for what it's worth

Singing oh oh oh oh oh  
Oh I never wanna let you go  
Singing oh oh oh oh oh  
Oh I never wanna let you go

Oh sometimes we all just  
Wait it out for something bigger  
Pointing fingers, dodging bullets  
Pulling triggers  
Judging love like  
Governmental supervillains  
Everyone falls down

Kids these days they catch grenades  
Hoping to blow up, get famous  
They crave the visions they were sold  
Beverly Hills and vintage Cartier  
Will fade to particles and  
All you'll have is the hand you hold

Singing oh oh oh oh oh  
Oh I never wanna let you go  
Singing oh oh oh oh oh  
Oh I never wanna let you go

Screaming oh oh oh oh oh  
Oh I never wanna let you go  
Screaming oh oh oh oh oh  
Oh I never wanna let you go
