

Scottie Pippen

Bren Joy

Coach please put me in the field
Throw me in the game
All about the green
The lucky Notre Dame
Watch around my neck
But call me Flava flame
I fell in love with all the rings and all the cash in Johnny's hand but now
I'm overwhelmed
Shook to the core
Cause when you cop the bag
The people come galore
They say it's never easy and here's the metaphor
If it was Sunday I still wouldn't be a commodore

My mama said
"As your money grows
You keep your circle closed
'Cause they'll bring you glitter looking for your gold"

So I focused on my new religion
Only living for the people that my God has given
Me to help make sure the finesse is drippin'
Now I'm riding with my Jordans with the ceiling missing
Yeah that's why they call me Scottie Pippen
(Six rings on our fingers)
That's why they call me Scottie Pippen
(Things we never dreamed of)
That's why they call me Scottie Pippen
Hey

Yeah
Yeah yeah yeah yeah
Father always said despite the money and the fame
That you will only be as mighty as your weakest chain
So I sold the link and bought a Lincoln and a mink and now I'm
Riding with my Kellys yelling
"Say My Name"

Started stretching money now we stretching navigators
Thought our shit was going down
But we hit billion on the elevator
Here to anywhere
Feeling rich and debonair
Bought a hill in Delaware
Now we living in the air

Yeah you know my mama told me as my money grows
You keep your circle closed
Cause they'll bring you glitter
Looking for your gold

So I focused on my new religion
Only living for the people that my God has given
Me to help make sure the finesse is drippin'
Now I'm riding with my Jordans with the ceiling missing
Yeah that's why they call me Scottie Pippen

New religion
Only living for what God has given
Ooh yeah
'Nesse is dripping
Now I'm riding with my ceiling missing
(Six rings on our fingers)
That's why they call me Scottie Pippen
(Things we never dreamed of)
That's why they call me Scottie Pippen
