

Everybody Loves Somebody

Brenda Lee

Everybody loves somebody sometime
Everybody falls in love somehow
Something in your kiss just told me
My sometime is now

Everybody finds somebody some place
There's no tellin' where love may appear
Something in my heart keeps saying
My some place is here

If I had it in my power
I'd arrange for every boy
To have your charm
Then every minute, every hour
Every girl would find what I found in your heart

Everybody loves somebody sometime
And although my dream was overdue
Your love made it well worth waiting
For someone like you

If I had it in my power
I'd arrange for every boy
To have your charm
Then every minute, every hour
Every girl would find what I found in your heart

Everybody loves somebody sometime
And although my dream was overdue
Your love made it well worth waiting
For someone like you
