

Little Jonah

Brenda Lee

Ya gotta rock on your steel guitar Little Jonah, ah
Rock on your steel guitar Little Jonah
Jonah's just a making that guitar moan,
Everybody got to feel it, in their bones
Rock on your steel guitar Little Jonah

Well roll on like a merry mack Little Jonah oh
Roll on like a merry mack Little Jonah
Breaking all the china in the shack
Ya rocking that soot right off a my back
Rock on your steel guitar Little Jonah

Oh Can't stand still gotta shake your bones
Everytime he makes his guitar moan
Making all the dancers hop and turn
I got the run smoking and ready to burn

You gotta rock on you steel guitar Little Jonah oh
Rock on your steel guitar Little Jonah
Rock the rocky top off the shanty top
If it ain't been nailed, it'll be ready to drop
Rock on your steel guitar Little Jonah,

Oh Can't stand still gotta shake your bones
Every time he makes his guitar moan
Making all the dancers hop and turn
I got the run smoking and ready to burn

You gotta rock on you steel guitar Little Jonah oh
Rock on your steel guitar Little Jonah
Rock the rocky top off the shanty top
If it ain't been nailed, it'll be ready to drop
Rock on your steel guitar Little Jonah
Rock on your steel guitar Little Jonah
Rock on your steel guitar
