

Love Ain't Seen The Last Of Me

Brenda Lee

I was only in my teens
You were such a tall dark dream
First time I ever gave my heart away

Even when the magic died
My emotions stayed alive
And left me with a woman's need
That wouldn't fade

Love ain't seen the last of me
Not as long as I have one
Last breath to breathe
So let the pages turn
And let the bridges burn
'Cause I know that love ain't seen the last of me

Next time I heard love call
I was old enough to give it all
I thought this time it would be forever
Then along came along the win
I was in the cold again
With nothin' left but memories to treasure

Love ain't seen the last of me
Not as long as I have one
Last breath to breathe
So let the pages turn
And let the bridges burn
'Cause I know that love ain't seen the last of me

Love ain't seen the last of me
Not as long as I have one
Last breath to breathe
So let the pages turn
