

## Wee Wee Willies

Brenda Lee

Baby baby got the wee willies chee chee chillies for you  
Baby baby got the wee willies chee chee chillies for you

Well I shake with the willies shiver with the chillies I ain't  
got nothin' warm to hold  
My baby left me said he's goin' to forget me wo wo wo baby ain'  
t it cold yeah  
Baby baby got the wee willies...

Baby baby got the wee willies...

You had to let loose and maybe blow off steam just like a radia  
tor  
Now you got a cold stare I know you don't care feel just like a  
refrigerator  
Baby baby got the wee willies...  
The chee chee chillies the wee wee willies for you
