

# Penny

Brendan James

I took you from the water  
I held you in my hands  
I can't forget that night, that feeling  
Was like a second chance  
Before one, you're walking  
I watch you find your way  
I can't believe how bright your light is  
I feel it every day

Some day you'll leave me  
Some day you'll fly  
Off on your own to live your life  
And the world gets you down  
Hope you can turn around  
And call on me  
You'll always be my

Penny, penny, penny, penny, penny, penny  
Penny, penny, penny, penny, penny, penny  
Like a shooting star, you will shine among the many  
A penny, penny, penny, penny, penny, penny

Of all the traits you're blessed with  
Though I love them all  
I love your sense, your independence  
I love your open heart

Someday you'll leave me  
Someday you'll fly  
Off on your own to  
Live your life  
And when the world breaks your heart  
And everything falls apart  
Call on me  
You'll always be my

Penny, penny, penny, penny, penny, penny  
Penny, penny, penny, penny, penny, penny  
Like a shooting star, you will shine among the many  
A penny, penny, penny, penny, penny, penny

Fall of me  
You'll always be my

Like a shooting star, you will shine among the many

Penny, penny, penny, penny, penny, penny  
Penny, penny, penny, penny, penny, penny  
Like a shooting star, you will shine among the many  
A penny, penny, penny, penny, penny, penny
