

Double Dare

Brennan Heart

[Chorus]

I'm in the battle cage

I warn the bus loose I break free

A top of double dare from The f*ckin' come and take me

I'm in the battle cage

I warn the bus loose I break free

A top of double dare from The f*ckin' come and take me

I'm in the battle cage

I warn the bus loose I break free

A top of double dare from The f*ckin' come and take me
