

# Lose It All

Brennan Heart

When the world comes crashing down on you and me  
And it feels like we'll be anything but free  
Don't surrender, keep your head up high  
'Cause together we unite, we unite

Don't care if we lose it all  
They'll never change us, we'll never fall  
Me and you, the memories are in our hearts

Don't care if we lose it all, don't care  
Don't care if we lose it all  
Me and you, the memories are in our hearts  
Don't care if we lose it all [6x]

And the hope that promises a bright new day  
It's a gift, no one should ever take away, yeah away  
Don't surrender, keep your head up high  
'Cause together we unite, we unite

Don't care if we lose it all  
They'll never change us, we'll never fall  
Me and you, the memories are in our hearts

Don't care if we lose it all, don't care  
Don't care if we lose it all  
Me and you, the memories are in our hearts  
Don't care if we lose it all
