

Don't come around my house, Daddy ain't home
If you care about your life, you'll leave mine alone
Been hearin' some bad news that can't be true
'Cause I know she won't go down that road, so it's gotta be you
I hate if it's you

This town's too small for playin' those kinda games
Messin' around with another man's woman gonna cause all kinda p
ain
It won't be mine
Gonna tell you one time
Don't cross that line
Or you're gonna get fixed
With a.30-06

I work too hard to keep Mama sure 'nough satisfied
You heard the home fire ain't burnin', she might've told a lie
'Cause I do what I do for her so she don't have to worry
Just 'cause I ain't home some nights don't mean that she's lone
ly
She sure ain't lonely

This town's too small for playin' those kinda games
Messin' around with another man's woman gonna cause all kinda p
ain
It won't be mine
I'll tell you one time
Don't cross that line
Or you're gonna get fixed
