

## Good Times And Good Love

Brent Cobb

Good times and good love don't last forever  
That's too bad because those are two things I really like  
You know you make the good times even better  
So let's get together and make some good love last all night

I've had more fun than any one man should be allowed  
Writing songs and singing em to my kind of crowd  
If I've learned one thing from my Honky Tonk heroes  
It's when a girl like you shows up, a man settles down

Cause good times and good love don't last forever  
That's too bad because those are two things I really like  
You know you make the good times even better  
So let's get together and make some good love last all night

It'd be a sin to pretend this is forever  
That that full moon will hang on by a thread for all time  
Oh but the truth is we got each other for right now  
Got to make it count cause that morning sun is sure enough bound to shine

Darlin' good times and good love don't last forever  
That's too bad because those are two things I really like  
You know you make the good times even better  
So let's together and make this good love last all night  
Let's get together and make this good love last all night
