

'On't Know When

Brent Cobb

Well the doctor dropped me, ain't no shock
I was ready to rock right from the start
My mama said boy you was born lucky
From now on you got to work real hard

I took myself off of the shelf
Poured my whole soul right down the drain
Been searchin' for some sunny weather
So far y'all it looks like rain

Hallelujah rollin' through ya
Lord forgive me all my sins
Can't help it I was made this way
I ain't known no better since I 'on't know when

Well goodness gracious all these faces
Nosin' where they don't belong
I used to give two cents for nothin'
In return boy the moment's gone
Now I do my best to pay attention
'Bout went broke tryin' to pay some mind
It's not that I forgot to mention
Folks I chose to leave behind

Hallelujah rollin' through ya
Lord forgive me all my sins
Can't help it I was made this way
I ain't known no better since I 'on't know when

Known no better

Hallelujah Hallelujah Hallelujah
Hallelujah Hallelujah Hallelujah
Hallelujah Hallelujah Hallelujah
Hallelujah Hallelujah Hallelujah
Hallelujah Hallelujah Hallelujah

Hallelujah rollin' through ya
Lord forgive me all my sins
Can't help it I was made this way
I ain't known no better since I 'on't know when

Hallelujah rollin' through ya
Lord forgive me all my sins
Can't help it I was made this way
I ain't known no better since I 'on't know when

I ain't known no better since I 'on't know when
I ain't known no better since I 'on't know when
I ain't known no better since I 'on't know when
I ain't known no better, known no better
Known no better since I 'on't know when
