

# Shade Tree

Brent Cobb

Under the shade tree  
Laid back with a cane pole  
If they ain't bitin'  
Still soothes my country soul  
And that's where you'll find me  
Right at home

Under the shade tree  
Where I learned to love  
This world around me  
The divinity thereof  
And all life's blessings  
Come from above

And the day always runs to night  
Somehow the dark finds its way back to light  
And all life's mysteries will be told in time  
Until then, I'll never mind

Under the shade tree  
Laid back with a cane pole  
If they ain't biting  
Still soothes my country soul  
And that's where you'll find me  
Right at home

Under the shade tree  
Under the shade tree  
Under the shade tree  
Under the shade tree  
Under the shade tree  
Yeah, I know, yeah-yeah-yeah, under the shade tree
