

To Be Saved

Brent Cobb

Needin' it down on the bank of the river
Well, I hear that's where to go if you're a sinner
Let's say around three, not a minute before
By then, the water oughta be warm

Well, I'm tired of myself, tired of hearin' Mama cry
I don't wanna wonder where I'm goin' when I die
If the truth's out there somewhere, I'll find it
Gotta be close 'cause up ahead the future's lookin' bright
I want to be saved, I know

Call my family and all my friends
Tell 'em bring a smile and a covered dish
It's gonna be a party and the all-night kind
Oh, we ain't stoppin' 'til the pitch black shines

Well, I'm tired of myself, tired of hearin' Mama cry
I don't wanna wonder where I'm goin' when I die
If the truth's out there somewhere, I'll find it
Gotta be close 'cause up ahead the future's lookin' bright
I want to be saved, I know

Well, I'm tired of myself, tired of hearin' Mama cry
I don't wanna wonder where I'm goin' when I die
If the truth's out there somewhere, I'll find it
Gotta be close 'cause up ahead the future's lookin' bright
I want to be saved, I know
I want to be saved, I know
