

# Bluffin

Brent Faiyaz

You're really bluffin' or just don't care?  
You could be bluffin' or I could mean nothin' at all  
Is it really somethin' or it's nothing there?  
Maybe there's nothing there  
You're really bluffin' or just don't care? (You don't care)  
Is it really somethin' or it's nothing there?  
Yeah

Lately I don't feel the same  
I ain't your baby father, I ain't your one and only  
But you love to scream my name  
And I done taught you things  
In exchange for constant pain (You don't care)  
She left me harmed  
On and on and on

You're really bluffin' or just don't care?  
You could be bluffin' or I could mean nothin' at all  
Is it really somethin' or it's nothing there?  
Maybe, maybe there's nothing there (Yeah)  
You're really bluffin' or just don't care?  
(You don't care)  
Is it really somethin' or it's nothing there?

All he do is beat you down  
But you stick around (You don't care)  
I bet he won't be actin' so hard if I was there  
I know you get lonely  
And I know you don't know me (You don't care)  
And I don't think that this won't ever go nowhere  
And I call your bluff

You're really bluffin' or just don't care?  
You could be bluffin' or I could mean nothin' at all  
Is it really somethin' or it's nothing there?  
Maybe, maybe there's nothing there (Yeah)

Maybe, maybe, you just don't care (You don't care)  
There ain't nothi', nothin' at all  
Maybe, maybe, you just don't care (You don't care)
