

You ain't got nothing to hide girl
I know you do this every other night
Why you say no?
Takes more than one to tango
Baby free to make it right
But you know the clock ticking
Should of done it right
Dont say no
Girl its been a very long time
And I done came up since highschool you know you love my crew
Dont say no
And I've been in love before
Need you to Just take it easy
Don't say no
You ain't got nothing to hide
We both know why you're here
Don't say no
Show you baby yeah
Tell me why should we
Don't say no
