

Forever Yours

Brent Faiyaz

She might be bad but she a stranger
This ain't got nothin' on that bitch
(She know the good things)

She might have everything that I want
But I never try it, no
Why would I?
What does it mean?
The feeling's strange
It's something that I can't explain
I try to deny it, but I can't
The feeling's so strange (This feeling's strange)
It's something that I can't explain
I try to deny it, but I can't
And I won't let you down (I swear I won't let you down, down)
You have my word
Forever yours, forever yours
Yeah, and I'm all yours
