

## Make Luv

Brent Faiyaz

Why make me wait for so long  
So long  
I don't like being in the dark  
No, I don't  
Half the time, it's like you ain't there  
Where you at?  
Stop acting like you care  
You know, I won't

My money long  
This Moncler coat feels nice  
Who even knows your name?  
No one, know you want  
You trippin' balls  
I'm a superstar  
Play your part  
I could have you whippin' hard  
Don't push your luck, girl  
Get lost  
Gave you all I had  
But it wasn't enough  
Thought I wasn't much  
But now you wanna make love  
Now you wanna make love to me  
Thought I wasn't much  
But now you wanna make love to me  
But now you wanna make love  
Now you wanna make love to me  
Thought I wasn't much  
Now you wanna make love to me

I took all I could take for so long  
So long  
Happened to me, you were wrong  
Yeah, you are  
Cry me a river  
You left me, stay with him  
Live with your decision, no  
Darling, Lord knows I done gave you up  
Know, I won't

My money long  
This Moncler coat feels nice  
Who even knows your name?  
Know, I won't  
No, you won't  
You trippin' balls  
I'm a superstar  
Try to call now, it just might break your heart  
Don't push your luck, girl  
Get lost  
Gave you all I had  
But it wasn't enough  
Thought I wasn't much  
But now you wanna make love  
Now you wanna make love to me  
Thought I wasn't much

But now you wanna make love to me  
Girl, you wanna make love  
Now you wanna make love to me  
Thought I wasn't much  
Now you wanna make love to me  
Now you wanna make love  
Now you wanna make love to me  
Thought I wasn't much  
But now you wanna make love to me  
Now you wanna make love  
Now you wanna make love to me  
Thought I wasn't much  
Now you wanna make love to me
