

# You're Everything I Need

Brenton Wood

Well I aint got much money  
Even my friends acting funny  
But I keep holding on to you honey  
Cuz you're everything that I need

And when things get shaky  
It always seems we can make it  
And know that you're one hell of a lady  
And do everything that I need

You're everything I need  
You're everything I need  
You're everything I need  
Oooooohhh ohhh oh oh

And I'm so glad that u came and changed my life  
Girl and if I should lose you're love I would die

You're everything I need  
You're everything I need  
You're everything I need  
Oooooohhh ohhh oh oh

Though I gave u my loving  
All my kisses and hugging  
And for me they're aint no other  
Cuz you're everything that I need

You're everything I need  
You're everything I need  
You're everything I need  
Oooooohhh ohhh oh oh

And I'm so glad that u came and changed my life  
Girl if I should lose you're love I would die die die die

You're everything I need  
You're everything I need  
You're everything I need
