

# Loaded Gun

Bret Michaels

I never laid down for anybody  
I'm not about to start with you  
You know my love is rotten to the core baby  
There ain't a damn thing you can do

You know I have a reputation  
I've got the biggest gun in town  
You like the danger, pull my trigger  
Watch me take you down

My love is a loaded gun  
Set my sights on you  
My love is a loaded gun  
Put my bullet in you

You were born with a silver spoon in your mouth  
I was born on the wrong side of the tracks  
But once you crossed you ass into my town  
I knew you were never going back

You used to use your imagination  
Baby I've been to the show  
I'm in your bed, get in your head  
I'll make your mind explode

My love is a loaded gun  
Set my sights on you  
My love is a loaded gun  
I'm gonna sink my bullet in you

My love is rotten to the bone baby  
But you keep coming back for more  
You grab my gun, you know your done  
Your body hits the floor

My love is a loaded gun  
Set my sights on you  
My love is a loaded gun  
Put my bullet in you

My love is a loaded gun  
Pull my trigger your through  
My love is a loaded gun  
There is nothing you can do
