

Leave Me Sleeping

Brett Anderson

Leave me sleeping, softly breathing
Summer in my head, it's summer in my head
Leave me clutching lilac cushions
In playground colours with my mother
It's summer in my head, it's summer in my head

So leave me dreaming, softly breathing
Slowly falling, falling, falling
It's summer in my head, it's summer in my head
Summer, it's summer in my head, summer
Summer, it's summer in my head, summer
