

# Already Gone

Brett Dennen

No time for coffee or conversation  
Get the feeling I've stayed too long  
Suspicious eyes at the subway station  
Bye bye I'm already gone  
Bye bye I'm already gone

I went down to Tallahassee  
Pink flamingos on the lawn  
Girls were rough and the boys were nasty  
Bye bye I'm already gone  
Bye bye I'm already gone

So pay the rent  
Don't leave no evidence  
I'm history, I'm gonna get free

Already gone  
Already gone  
Already gone  
Already gone

Hit it up in Okeechobee  
Got in shape and grew my hair long  
Made some friends singing karaoke  
Bye bye I'm already gone  
Bye bye I'm already gone

So pay the rent  
Don't leave no evidence  
I'm history, I'm gonna get free

Already gone  
Already gone  
Already gone  
Already gone

No time for coffee or conversation  
Roll down the window and let me taste it  
I'm already, I-I'm already, I-I'm already  
I'm already gone

Already gone  
Already gone  
(Gone, gone, g-gone, gone)  
Already gone  
Already gone  
Already gone  
Already gone  
Already gone  
(Gone, gone, g-gone, gone)  
Already gone
