

The Last Stop

Brett Dennen

This is the last stop
So gather all your things
Take them with you as you exit to the station

This is the last stop
We hope you will enjoy
Your time here if it's your final destination

Step on through, the world is yours
And watch the closing doors
The place you are, it was not made by hands of men

I'll be waiting here for you
That's all I do
Don't leave me hanging
I'll be waiting here for you
Wait for me too
Don't leave me hanging
Don't leave me hanging on you
Hanging on you

This is the last stop
On behalf of everyone
Thanks for choosing us, we do appreciate it

This is the last stop
Everyone's a traveler
Though some of us are trying to forget it

This place has lots of sights
Romance and sleepless nights
So many things to do, you cannot do them all

I'll be waiting here for you
That's all I do
Don't leave me hanging
I'll be waiting here for you
Wait for me too
Don't leave me hanging
Don't leave me hanging on you
Hanging on you
Hanging on you
Hanging on you

This is the last stop
Everyone's a traveler
Though some of us are trying to forget it
