

# Crowd My Mind

Brett Eldredge

Sun comes up on the coastline  
Watch your shadow dance on red sky  
Feel your hair run through my fingers  
Oh, your memory, how it lingers

And not a day goes by  
I don't need your smile  
I don't feel your heart  
In every mile  
Empty streets  
And whistlin' pines  
But not a day goes by  
You don't crowd in my mind

So broke you could see through me  
Wouldn't know me if you knew me  
Been eight months since November  
But you're all I can remember

And not a day goes by  
I don't need your smile  
I don't feel your heart  
In every mile  
Empty streets  
And whistlin' pines  
But not a day goes by  
You don't crowd in my mind

Oh-oh-oh-oh  
Oh-oh-oh-oh  
Where did you go?  
All I know

Is not a day goes by  
I don't need your smile  
I don't feel your heart  
In every mile  
Empty streets  
And whistlin' pines  
But not a day goes by  
Not a day goes by  
Not a day goes by  
You don't crowd in my mind
