

# Feels like Christmas

Brett Eldredge

Bannisters wrapped in Holly and lights  
Evergreen candle cinnamon spice  
You neath the mantle glowing in the fire  
Said hallelujah feels like Christmas  
Can't believe I get to witness this

Red velvet sport coat gentleman Jack on the rocks  
Kick off your high heels I'll living room dance in my socks  
With Bing on the speakers you smile and my heart drops  
I said hallelujah feels like Christmas  
Waiting all year long

Hey hey hey  
Santa's on his way  
Ho ho ho  
Where's the mistletoe  
Cause the only thing missin is you and me kissin  
The cross right on my lips  
Said hallelujah feels like Christmas  
You can't tell me that Christmas gets better than this

(Naw you can't)

Caught up in the spirit you couldn't tell  
The moment that I saw you I heard Carol of the Bells  
The angels were singing as the snow gently fell  
I said hallelujah feels like Christmas  
Waiting my life long

Hey hey hey  
Santa's on his way  
Ho ho ho  
Where's the mistletoe  
Cause the only thing missin is you and me kissin  
The cross right on my lips  
I said hallelujah feels like Christmas  
You can't tell me that Christmas gets better than this

Aw naw. Oooo. Oh

Any other time of year you're one in a million dear  
But tonight you got a heavenly kind of glow

Hey hey hey  
Santa's on his way  
Ho ho ho  
Where's the mistletoe  
Cause the only thing missin is you and me kissin  
The cross right on my lips  
I said hallelujah feels like Christmas  
You can't tell me that Christmas gets better than this

(Hallelujah feels like Christmas)  
No you can't  
(Hallelujah feels like Christmas)  
Oh feels like Christmas  
(Hallelujah feels like Christmas)

Oh yes  
Oh  
Oh feels like Christmas
