

I Feel Fine

Brett Eldredge

Took a shot, didn't fall, thought you'd break me
Even your darkest lies couldn't shake me
You've been circling like a buzzard in the desert
Hoping that I never get better

But I feel fine (I feel fine)
I feel fine (I feel fine)
I got steam on this train, I got fire in my veins
I feel fine
Oh I, I feel fine

Yeah, I heard of sharks just like you
Prey on the weak and hide behind the truth
Karma's knocking on your door
But don't you worry 'bout me anymore

But I feel fine (I feel fine)
I feel fine (I feel fine)
I got steam on this train, I got fire in my veins
I feel fine
Oh I, I feel fine

You don't know my hard life (oh)
You don't run the show (no, no)
You don't get to say
Where I can or cannot go
Thank you for the pain
'Cause it only makes me grow
I hope you know (I hope you know)

I feel fine (I feel fine)
I feel fine (I feel fine)
I got steam on this train, I got fire in my veins
Oh, I feel fine (I feel fine)
I feel fine (I feel fine)
I got steam on this train, I got fire in my veins
I feel fine
Oh, I, I feel fine (ooh)
I feel fine (ooh)
Mm-mm-mmh, yeah
