

# Mr. Christmas

Brett Eldredge

You miss a sparkle but you could glow  
You just need a kiss underneath the mistletoe  
I show you magic like you never seen  
You are the angel on the top of that evergreen

We'll take a stroll down Michigan Avenue  
I'll turn your heart beating red instead of blue, oh

Call me Mr. Christmas  
I'll make your spirit bright  
I'll dry your eyes with candy skies  
And warm sherry delight  
With highfalutin parties  
That last all through the night  
Yeah, every wish will come true  
Yeah, I'll be Mr. Christmas for you

I see ya smiling that jolly grin  
You're skating circles round my heart and I'm falling in  
I'll hang the lights, glitter the tree  
I wanna make you happy as you're making me

The red suit man is riding in on his sleigh  
So hop right in and we're off and on our way, hey

Call me Mr. Christmas  
I'll make your spirit bright  
I'll dry your eyes with candy skies  
And warm sherry delight  
With highfalutin parties  
That last all through the night  
Yeah, every wish will come true  
Yeah, I'll be Mr. Christmas for you

I pull out all the stops, sweet as lemon drops  
Carols ringing, he is singing as the fire pops  
Feel you getting close, cheers and here's a toast  
Heart is racing, you've been waiting, watch, I'll make it snow

Call me Mr. Christmas  
I'll make your spirit bright  
I'll dry your eyes with candy skies  
And warm sherry delight  
With highfalutin parties  
That last all through the night  
Yeah, every wish will come true  
Yeah, I'll be Mr. Christmas for you

Mr. Christmas  
Yeah, I'll be Mr. Christmas for you

Where you wanna go? Chicago?  
Hop right in
