

Wait Up For Me

Brett Eldredge

Leave on a light in the kitchen
Leave a little space in those sheets
I'll be home soon, stay there and listen
Don't go to sleep, wait up for me
Open all the blinds and watch down the driveway
Wear your favorite shirt, you stole from me
Chills running down my skin just thinking about ya
Don't go to sleep, wait up for me

Hope you're pacing back and forth, up and down the hallway
I'll be right there, I'm turning down your street
You come and get me smiling, been thinking 'bout it all day
Don't go to sleep, wait up for me

And when I get my hands on you
Do everything you want me to
You won't even have to speak
Don't go to sleep, wait up for me
Don't go to sleep, wait up for me

I'ma keep you warm like a furnace in the winter
You can cool me off like a summertime breeze
All I wanna do is wrap my arms around ya
Don't go to sleep, wait up for me
I even stopped off and bought you some roses
That's the kinda fool that you made me
I'm really crazy 'bout ya if you didn't notice
Don't go to sleep, wait up for me

And when I get my hands on you
Do everything you want me to
You won't even have to speak
Don't go to sleep, wait up for me

Don't go to sleep, wait up for me
Don't go to sleep, wait up for me
Don't go to sleep, wait up for me
Don't go to sleep, wait up for me
