

# Cecilia

Brett Kissel

Your goodbye kiss, I can't forget  
You let me steal it from your lips  
Missing you is harder than it seems  
I feel you in the summer wind  
And when the sun sinks down again  
Every night you meet me in my dreams

My heart is falling  
Your green eyes are calling

So don't give up  
Hold on, I'm on my way  
Back home, sweetheart  
I'm not that far away

I just gotta see ya Cecilia  
I just gotta see ya Cecilia

I miss your smile, I miss your laugh  
The way you throw your hair back  
Spinning round in that cotton dress  
So put our favorite record on  
Pretty soon I'll sing along  
But darling save a dance for me till then

So don't give up  
Hold on, I'm on my way  
Back home, sweetheart  
I'm not that far away

I just gotta see ya Cecilia  
I just gotta see ya Cecilia

Whoa, whoa

My heart is falling  
Your green eyes are calling

So don't give up  
Hold on, I'm on my way

Don't give up  
Hold on baby, I'm on my way  
Back home, sweetheart  
Don't cry, I'm not that far away

I just gotta see ya Cecilia  
I just gotta see ya Cecilia

Whoa, whoa
