

## Meet Me In Vegas

Brett Kissel

Girl I'm running ragged just talking on the phone  
With you in L.A. and me in Reno  
I can meet you back in Nashville in a day or two  
But I got something better me and you could do

Meet me in Vegas  
Take the red-eye  
Meet me in Vegas, baby  
I'll make you my bride

I'll find something borrowed, you'll find something blue  
We'll find a neon chapel where we can say, "I do"  
I know you're my woman, you know I'm your man  
I hope your daddy's cool with a sudden change of plans

Meet me in Vegas  
Take the red-eye  
Meet me in Vegas, baby  
I'll make you my bride  
Got a handful of aces  
So let's roll the dice  
Meet me in Vegas, baby  
I'll meet you tonight

Girl I'm running ragged just talking on the phone  
With you in L.A. and me in Reno

Meet me in Vegas  
Take the red-eye  
Aw, meet me in Vegas, baby  
I'll make you my bride  
I got a handful of aces  
So let's roll the dice  
Meet me in Vegas baby  
I'll meet you tonight, yeah
