

Our Home

Brett Kissel

There's something beautiful about it
There's something wonderful about it
There's something curious about it
It's Our Home

There's something strong about it
There's something magical about it
There's something glorious about it
It's Our Home

Yeah, we fight for what's right
We're wild and we're free
From the mountains above us
And all you can see
It's more than just a place where freedom roams

It's Our Home

There's something tender about it
There's something hidden about it
There's something all generations can have and can hold
We break down the walls and break out of the mould
Yeah, we fight for what's right
We're wild and we're free
From the mountains above us
And all you can see
It's more than just a place where freedom roams

It's Our Home

It's Our Home

There's something nostalgic about it
There's something brand new about it
Yeah, you'll leave, and you'll miss it
Then come back and kiss it
You'll travel the distance
We're so proud of it

Yeah, we fight for what's right
We're wild and we're free
From the mountains above us
And all you can see
It's more than just a place where freedom roams

It's Our Home
It's Our Home
